MEMORANDUM FOR: PIC Division and Staff Chiefs  
Spec. Asst. to Dir. (P&D)

SUBJECT : PIC Automatic Data Processing Officer and Committee

1. It has become increasingly apparent that PIC should establish positive liaison with and representation to the CIA Automatic Data Processing Committee and DD/I Automation Staff in order that Center planning for data processing operations may proceed effectively. Accordingly, the Chief of the Data Management Division, [redacted] is designated as the Center's Automatic Data Processing Officer. 25X1A

2. Consistent with the appointment of a PIC Data Processing Officer, a PIC Data Processing Committee is to be established in the near future for the purpose of internal coordination and planning for such activities. It is not anticipated that all Divisions and Staffs will necessarily require direct representation on this committee. However, your views on the matter of representation for your components are requested prior to the formal establishment of the committee. Please submit same to me in writing by COB, 3 January 1961.

[redacted]  
Deputy Director  
Photographic Intelligence Center

25X1A

Distribution:  
As stated above

CONFIDENTIAL

Office Memorandum • UNITED STATES GOVERNMENT

TO : Deputy Director /PIC

DATE: 3 Jan. 1961

FROM : Chief PAD

25X1A

SUBJECT: PIC Automatic Data Processing Officer & Committee

1. PAD requests the appointment of

25X1A

[redacted] (alternate) as  
members of the PIC Automatic Data
